Winners of our
November Lucky Draw

DEAR CUSTOMERS,

It is the end of another year and again it has been a busy one for both centres, and we would like to take this opportunity to thank you for your continued support throughout this busy year and also thank the dedicated staff for their hard work. Please be safe in and around the water these holidays. It is crucial to keep a close watch on your children, as it is at this time of the year they are most likely to be exposed to the dangers of water. Wishing you and your families a very Merry Christmas and a happy and safe New Year! All the best for 2019! Alan & Karen Bentley, Managers

SANTA IS COMING TO NAC! SATURDAY 8TH DEC FROM 8.30 – 11.30!

Come down for a photo (BYO camera!) and to tell Santa if you have been naughty or nice this year! All welcome, regardless of whether you swim at NAC or Eva Bory's, and regardless of the day and time you swim. Come and say hi to Santa – the more the merrier!

ADULT SWIM LESSONS

Did you never have the chance to Learn To Swim? Could you help a loved one if they got into trouble around water? It's NEVER too late to learn.

Following a very successful start in 2018, we are now taking enrolments for the next term of adult swimming lessons. Our Adult Group lessons are approx \$15 for 1 hour and are delivered a block of either 8 or 10 weeks. Book now for our next block of lessons starting February 2019!

Also included in the price is a FREE 10 visit swim pass that can be used at either of our centres. All the teachers are Austswim qualified and can teach you from being an absolute beginner right through to advanced stroke correction.

HEADING OFF TO BIG SCHOOL SOON?

Lessons continue as usual over the school holiday break, so if you are going away in Dec or Jan, please be sure to let us know via reception or our app. For any lessons missed you will have until the end of the following month to do a makeup lesson. Also - now is a great time to change your child's lesson for 2019 if they are going off to "big school" next year, as afternoon time slots do fill fast! Keeping your child's swimming lessons up will also help them at school - an Australian study out of Griffith University has proven the benefits of swimming early in life, with the research concluding that children who swim demonstrate more advanced cognitive and physical abilities than other children, indicating that swimming children have many advantages when starting school! Just keep swimming, and good luck to all our little Kindy kids starting school!
